

Patsy Bowles 6/1/1940-2/6/2022

PUSD Nutrition Service Assistant 16 years

It was such a privilege to work with Patsy and have her as a friend. We will miss her funny stories, fancy purses and spunky personality. She will forever be in our hearts! JR

I will always remember Patsy! We have worked together many times over the years and went on some fun Casino trips. JK

What a wonderful person Patsy was and a very hard worker till the end. She was full of life. I will miss all the stories we shared during breaks. LT

My best memory is listening to Elvis as we prepared for lunch and breakfast at Creekside Middle School cafeteria. Patsy would dance. She loved Elvis Presley. TR

It was a pleasure getting to know Patsy at work and outside work. One thing we both had in common was our birthdays, June 1st. I enjoyed her stories about her white rugs, purses etc... She loved white. She was young at heart. She was a little firecracker. I am glad I met her and got to take her dancing a few times. RIP Patsy! DJ

Patsy was a great individual. She was outspoken and so fun. A wonderful personality and a sweet person indeed. She loved helping others. RIP Patsy! VD

Patsy was funny and had a great outlook on life. CF

I loved working with Patsy. She was a very strong woman. I enjoyed taking her dancing with us. She was full of life! CS

I will miss Patsy very much! As she called herself our SALAD GIRL...strong, full of life! SM

I worked with Patsy when I was hired 16 years ago. She was one of the ladies who trained me. I gave her rides home and she would talk about her granddaughter because she knew I had a daughter her age. I enjoyed the time we had together. We also went out after work with the ladies from Creekside. Patsy will be missed. LT

One of the warmest people that I have ever worked with. Patsy was from the south, she had that sweet southern accent and her southern humor. She had excellent work attendance and punctuality right up until she retired at 80 years old. LH

**** In March of 2021 our department all drove by her house, 20+ vehicles of co-workers including our transport truck and the fire department, to wish her a*

happy retirement. Patsy was such a lovely woman. Heaven gained another ANGEL
