**Set-up & Implementation:**

- Upon receiving this signed order form and payment, Study.com will send Institution a license code for each edition type purchased. Each license code will be pre-loaded with the number of licenses purchased for that edition.
- Institution will distribute codes internally to their users (ie: teachers, admins, students).
- Each user will go to Study.com and create an individual account. During the account creation process, each user will enter the license code at <http://study.com/join> or provided link which will by-pass the payment step and tie the user's account to the Institution.
- Upon completing the account creation process, each user will have full access to all of the plan features and benefits until the expiration of the license.
- In order to ensure continuous access for users, Institution must purchase and provide users with a fresh code before the expiration of the previous code.
- The Subscription Start Date will be the latter of the Subscription Start Date listed above or the date of the signed and returned Order Form to Study.com.

**Terms and Conditions:**

- Refund Policy: All license sales are final. There will be no refunds or discounts given for unused or partially used licenses.
- Transferability: Licenses are not shareable or transferable to other users.
- Discount: In exchange for the quoted discount, Institution agrees to have a representative or teacher be reasonably available for testimonials, user interviews or a case study. All packages, pricing and discounts are subject to change upon renewal.
- Tax Exemption: Institution agrees to provide to Study.com a Sales Tax exemption certificate with this order, otherwise Study.com will need to apply local sales tax to the order.
- Terms of Use: By signing this document you are agreeing to the terms and conditions, privacy policy of Study.com, and authorize the use of your institution's name on Study.com website, releases and promotional materials. These documents are viewable at these urls:
