DVBE REQUIREMENTS

PART 1 – DVBE POLICY

Definitions:

The term "Disabled Veteran Business Enterprise" (DVBE) means a business concern that is certified as a DVBE by the Department of General Services, Office of Small Business and Disabled Veteran Business Enterprise Services (OSDS).

The term "Contract" means an agreement awarded by the District in which all or part of the funding is provided by the State Allocation Board (SAB) under the Leroy F. Greene School Facilities Act of 1998 (School Facilities Program).

The term "Bidder" means any person or persons, firm, partnership, corporation, or combination thereof making an offer, a proposal, or submitting a response to a solicitation competitively or non-competitively, with the intent of forming a Contract with the District on an SAB-funded project.

The term "Contractor" means the Bidder to whom the Contract is awarded.

The term "Participation Goal" or "Goal" means a numerically expressed DVBE objective that bidders are required to make efforts to achieve in accordance with Section 17076.11 of the Education Code.

The term "Good Faith Efforts" means that the bidder took all necessary and reasonable steps to achieve the DVBE Participation Goal which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DVBE participation, even if they were not fully successful. Good Faith Efforts are further delineated in Section 4.02 below.

DVBE Goals:

In accordance with Education Code section 17076.11, this District has a Participation Goal for DVBEs of three percent (3%) of the total Contract value per year. Prior to, and as a condition precedent for, final payment, the Contractor shall provide documentation to the District identifying the amount paid to DVBEs under the Contract, so that the District can assess its success at meeting this Participation Goal.

For any work performed by a prime contractor or subcontractor (including materials suppliers) to be counted toward meeting the DVBE Participation Goal, such business concern must possess current and valid certification as a DVBE through the OSDS. In addition, the work must conform to the most current regulations and requirements as published by the California Department of General Services (DGS) and/or OSDS. For additional information see <http://www.dgs.ca.gov/pd/Programs/OSDS.aspx>.

PART 2 – GOOD FAITH EFFORTS

The Participation Goal for this contract is 3%.

The Bidder shall either commit to meeting the Participation Goal or demonstrate Good Faith Efforts to do so, as described below. If the Bidder is a DVBE, then the Bidder must clearly identify that fact in its bid. **If the Bidder is not a DVBE, then all DVBEs for which the Bidder is claiming credit must be listed on the Subcontractor listing form and identified as DVBEs**, even if the work to be performed is less than one-half of one percent (0.5%) of the bid amount, involves supply of materials, or is to be performed by a lower-tier subcontractor. Work to be performed by a lower tier subcontractor must be identified as such on the listing form to avoid the Bidder listing two subcontractors for the same scope of work.

SECTION 00 48 00
DVBE REQUIREMENTS

Although Good Faith Efforts have been eliminated from Public Contract Code sections 10115 *et seq.*, the District's obligation is separately stated under Education Code section 17076.10, so the District may find a Bidder to have complied with the DVBE requirements if it establishes Good Faith Efforts. In order to establish Good Faith Efforts, the Bidder must demonstrate at least the following:

1. Select portions of the work for which to solicit DVBEs in order to increase the likelihood that the DVBE goals will be achieved. This may include breaking out contract work items into smaller units or soliciting DVBEs for portions of the work that the Bidder might otherwise prefer to perform itself.
2. Search at least the OSDS DVBE database to identify DVBEs to solicit to perform the portions of work identified. Print the search results to include with the Good Faith Efforts documentation.
3. Advertise for DVBE participation in focus or trade publications reasonably expected to reach DVBEs in the region as early in the process as is practicable. Depending on the project and results, multiple advertisements may be appropriate. Generally, the first publication should occur no later than one week following any pre-bid conference or one week before bids are due, **whichever is earlier**. Submit a copy of the advertisement(s) with the Good Faith Efforts documentation.
4. Solicit interest from identified DVBEs (from the OSDS database or otherwise) as early in the bidding process as practicable to allow the DVBEs to respond to the solicitation and submit a timely bid. Solicitations may be by phone, fax, email, letter, or other reasonable means, but must be documented. Submit documentation of all outreach efforts with the Good Faith Efforts documentation. Include copies of all DVBE responses.
5. Follow up initial solicitations. Document all such efforts and DVBE responses as part of the Good Faith Efforts documentation.
6. Work with interested DVBEs, including providing adequate information about the project and portions of work available and negotiating in good faith with interested DVBEs to assist them with being able to bid. Document all such efforts with the Good Faith Efforts documentation.

All documentation of Good Faith Efforts must be submitted within 24 hours following the bid deadline. Documentation submitted after that time will not be considered.

Bidders planning to meet the Participation Goal may still want to document Good Faith Efforts in the event of a shortfall in planned DVBE participation or other disqualification of a listed DVBE.

PART 3 - SUBSTITUTIONS

The Contractor must use the DVBE subcontractor(s) and/or supplier(s) proposed unless the Contractor requests and receives authorization to substitute from the District. A DVBE subcontractor or supplier shall be replaced by another DVBE if possible. At a minimum, any request for substitution must include:

- (1) The reason for the substitution, which shall be limited to the circumstances permitted under Public Contract Code section 4107(a).
- (2) The identity of the listed DVBE and the name, address, contractor number, and DIR registration number of the proposed replacement.
- (3) If a DVBE cannot be identified as a replacement, documentation of efforts to find available DVBEs.

The DVBE shall be given the rights afforded by Public Contract Code section 4107 prior to the District acting on a requested substitution.

SECTION 00 48 00
DVBE REQUIREMENTS

FAILURE TO ADHERE TO AT LEAST THE DVBE PARTICIPATION PROPOSED BY THE SUCCESSFUL BIDDER MAY BE CAUSE FOR CONTRACT TERMINATION AND RECOVERY OF DAMAGES UNDER THE RIGHTS AND REMEDIES DUE THE DISTRICT/STATE UNDER THE DEFAULT SECTION OF THE CONTRACT.

PART 4 - DVBE CERTIFICATION

A DVBE cannot self-certify. Evidence of OSDS certification, which may include the printout from the OSDS website indicating current certification, must be provided for each DVBE participating in the contract. The OSDS certification letter or printout must be provided with the bid. The District will not give the Bidder DVBE credit for any DVBE for which the Bidder fails to provide the required letter with its bid.

As you can see from enclosure (1), Johnson failed to get prequalified for this job and chose not to bid. As such, we were unable to meet the stated goal of 3% DVBE participation.
